Since 1968, Supravox have made acoustics loudspeakers which integrated drive units of the brand. Today, Supravox propose a large range models of loudspeakers which grants to audiophiles to benefice a legendary sound quality of the brand in a high quality in traditional wooden cabinet.

Thanks to a long work about drive units, Supravox's engineers designed the majority of their loudspeakers without filtering which is the best way to optimize a exceptional sound reproduction and natural restitution.

This satellite loudspeaker is equipped with the 165 LB which is a true wide band operating without bi-cone.

His main quality is his medium with a reproduction of instruments and very realistic voices.

They can be used alone, in triphonic system (contribution of a subwoofer), and in home-cinema.
