Since 1968, Supravox have made acoustics loudspeakers which integrated drive units of the brand. Today, Supravox propose a large range models of loudspeakers which grants to audiophiles to benefice a legendary sound quality of the brand in a high quality in traditional wooden cabinet.

Thanks to a long work about drive units, Supravox's engineers designed the majority of their loudspeakers without filtering which is the best way to optimize a exceptional sound reproduction and natural restitution.

This TQWT (Tapered Quarter Wave Tube) enclosure is a full range enclosure equipped with a 215 Signature bi-cone.

This loudspeaker put in the light all the qualities of this driver. It can be used with a little power amplifier.

This full range loudspeaker will charm all the in love with high efficiency, of coherence.

The absence of network open the sound image.
