The module of amplification integrates an adjustable active crossover in cut-off frequency, phase volume and slope of attenuation, which makes it possible to adapt the response in the low register in your room.

Since 1968, Supravox have made acoustics loudspeakers which integrated drive units of the brand. Today, Supravox propose a large range models of loudspeakers which grants to audiophiles to beneficence a legendary sound quality of the brand in a high quality in traditional wooden cabinet.

Thanks to a long work about drive units, Supravox's engineers designed the majority of their loudspeakers without filtering which is the best way to optimize a exceptional sound reproduction and natural restitution.

This low register box is equipped with the 400 GMF Supravox. It can be used in a trihonic system with the satellites Lisa or Arcane or in a home-cinema system.
