

JENSEN 285 et 400 – Kit JENSEN

Since 1968, Supravox manufactures loudspeakers that integrate the speakers of the brand. Today, Supravox offers a wide range of loudspeaker models that allow audiophiles to benefit from the legendary sound quality of the brand in traditional high-quality wooden formwork.

Experience and know-how Supravox also expresses itself on the realization of loudspeakers. We have done a lot of studies to test the possibilities of loudspeaker baffling.

Assembly in low register or bass-medium for the 285 GMF or the 400-2000. This well-known load of the audiophiles is an enclosure Bass Reflex with laminar multi-vents laid out on both sides of the loudspeaker. These boxes offer a low register powerful and very precise, half-compartment with 500Hz they are the ideal complement of our 1 inch horn with 1 inch driver.
