23 Kg piece

Since 1968, Supravox have made acoustics loudspeakers which integrated drive units of the brand. Today, Supravox propose a large range models of loudspeakers which grants to audiophiles to benefice a legendary sound quality of the brand in a high quality in traditional wooden cabinet.

Thanks to a long work about drive units, Supravox's engineers designed the majority of their loudspeakers without filtering which is the best way to optimize a exceptional sound reproduction and natural restitution.

The Sheridan use the same enclosure as Carla. It is equipped of a modified 135 to improve the low register, and with the TG1 tweeter.

This association allows a linear, natural, and very detailed answer.
